MODEL 108

SLIDER BED CONVEYOR

If your production requirements call for a rugged, industrial designed unit, then the **Model 108 Slider Bed** belt conveyor from Titan Industries is the unit you should choose. The Model 108 has a rugged 8" diameter rubber lagged drive pulley. With the modular design of the Model 108 you will be able to add additional length at a later date if the need arises. Even though the Titan Model 108 is a heavy-duty unit it is economical to own and operate. Standard adjustable supports for a working height of 30", grease sealed bearings and screw type take-ups are just a few of the many outstanding standard features of this conveyor.
